

PWD Road-Drain and Underpass Records Request

Smart India Hackathon problem statement 26085: Urban Flood Nowcasting System (Drainage and Rainfall Coupling).

Date: 29 September 2026

To: Superintending Engineer, C&ND / concerned PWD division, Public Works Department, Government of NCT of Delhi

Contact / submission route: sepwddelhicnd@gmail.com | PWD contact: complaint@pwd.delhi.com

Subject: Request for existing PWD road-drain, underpass, terrain, and waterlogging records - SIH 26085

Dear Sir/Madam,

I am a student at NSUT, Delhi, developing Smart India Hackathon problem statement 26085: Urban Flood Nowcasting System (Drainage and Rainfall Coupling). Please confirm whether PWD maintains roads, drains, subways/underpasses, or flood-vulnerable points within the attached approximate Dwarka Mor/Najafgarh request area. We are seeking existing records for student research and model evaluation, not a new survey or a live operational feed.

The current PWD nodal directory assigns monsoon preparedness, drain desilting, and waterlogging coordination to the C&ND Superintending Engineer. Please route the request to the correct division and identify asset ownership where it is held by another department.

Requested information

- Existing road and storm-drain GIS/CAD: road centerlines/edges, drain and inlet geometry, connectivity, dimensions, outfalls, asset IDs, and ownership.
- Available surveyed/as-built road elevations, road crowns, subway/underpass low points, barriers, DTM/LiDAR, vertical datum, CRS, resolution, accuracy, and acquisition date.
- Historical road-waterlogging/underpass records and any sensor or measured-depth observations with location, timestamp, depth/units, method, uncertainty, and closure status where recorded.
- Drain desilting/maintenance dates, blockage/condition logs, pump or gate status, source date, data dictionary, access cost, attribution, and permission for research and a public SIH demonstration.

Please confirm the correct PWD division/contact for the coordinates shown on the map and advise availability, formats, access terms, and any formal request or institute authorization required.

Sincerely,

Harsh Jha

NSUT, Delhi

Submission note: Attach 06_Dwarka_Najafgarh_Approx_Pilot_AOI_Map.pdf. Verify that C&ND is the correct division for the particular roads before sending.

DWARKA MOR / NAJAFGARH - APPROXIMATE PROJECT AOI

Study area reference

Project: SIH 26085
Dwarka Mor / Najafgarh pilot
District: South West Delhi

Approximate request bounds
West: 77.015 E
East: 77.050 E
South: 28.590 N
North: 28.628 N
Coordinate system: WGS 84 / EPSG:4326
Approx. footprint: 3.4 x 4.2 km

Map legend

Red outline: request boundary
Orange/red line: larger mapped road class
Grey-blue line: other mapped road

Data source

Road context: project-supplied OpenStreetMap extract.
Snapshot date is not recorded in source metadata.
Map is not a drain survey, DEM, or flood-depth layer.

IMPORTANT

Approximate project rectangle only; not an official hydrologic catchment or surveyed asset boundary.
